

# OnTime Plus

**Guiding you and your loved ones through today's complex health and wellness needs**

PyxisCare is ready to intervene in your medical emergency or life-changing event, just in time. Crisis intervention services include fast track assessment and immediate work on the present issues, including meeting you onsite to navigate care solutions in your most vulnerable moments. Many clients enter PyxisCare services via OnTime Plus.

## How We Can Help

- Sudden health crisis including stroke, heart attack, brain trauma, accidents, traumatic falls, etc.
- Life-altering diagnoses requiring immediate attention including cancer, ALS, MS, Parkinson's, etc.
- Escalation of existing chronic conditions including diabetes, congestive heart failure, COPD, genetic disorders, psychiatric challenges, etc.
- Management of multiple clinical providers, from primary care to specialists and therapists.
- Includes short term engagements such as evaluation and placement in extended care and recovery venues.

## What You Can Expect

Executive summary providing high-level assessment and immediate activities/actions for intervention and dual-tracking in emergent situations.

## Making Decisions for Aging Parents: Clay's Story

Before engaging PyxisCare, our family was lost in a maze – attempting to make critical and emotionally draining decisions regarding the care for my parents. When I saw the comprehensive assessment that they conducted, I knew we had made the right decision to choose PyxisCare Management.

–Clay K. (Son and caregiver for aging parents; business owner; husband)
